M A D E W I T H S O U L

From perfecting the rotary engine and winning the Le Mans race the first time we entered it, to breaking the world record for the most-sold two-seater convertible in history, we are driven forward by the desire to defy convention. We believe that if you can imagine it, we can make it happen.

This desire is the fuel behind everything we create and achieve and now, it has given us **SKYACTIV TECHNOLOGY**, '**KODO – Soul of Motion**' design and countless other successes that were once considered impossible feats. These pages show how striving to do what others cannot is not only rewarding but also integral to creating innovative, beautiful cars.

MAZDA2

F R E E D O M S T A R T S N O W

From the moment you start your Mazda2, you feel the exhilaration that happens when a range of perfectly designed parts work in harmony and come to life in motion. It's a feeling that can be captured through the Japanese expression 'Jinba-Ittai', the bond between a horse and rider. It's the beauty of freedom to go anywhere.

This is a small car that's taken a big leap forward. The Mazda2 rewards you with sophisticated design, while its **SKYACTIV Technology** unlocks quick-witted agility and outstanding fuel economy. Connectivity is a seamless part of the artistry, and the safety features are the most advanced around. Its forward-thinking performance is matched with an elegantly flowing '**KODO – Soul of Motion**' design that reflects the dynamic beauty of an animal leaping into action. This allows the Mazda2 to capture the imagination through this eye-catching sense of movement.

A BEATING HEART. FREE.
PASSION, PRECISION UNITE.
YOUR SPIRIT. OURS. **HERE.**

A MORE ENLIGHTENED DRIVE

Getting around never felt so good. The Mazda2 is light on its feet around town, smooth-riding and sure of itself, everywhere you go. At every level, breakthrough **SKYACTIV Technology** has reduced weight and ramped up efficiency. The 1.5 litre engine gives you lots of go, yet uses very little fuel. The Mazda2 is available in manual or automatic transmissions – both responsive and refined. With a body that cuts quietly through the air, the Mazda2 moves you in the most enjoyable way you could imagine.

AUTOMATIC TRANSMISSION

The 6-speed (SKYACTIV-Drive) automatic transmission combines the best aspects of conventional automatic, continuously variable and dual-clutch transmissions. It also couples directly with the engine over a far wider range than other automatic transmissions, ensuring increased fuel economy and more direct power delivery. Shifts are quick and smooth.

MANUAL TRANSMISSION

The 6-speed (SKYACTIV-MT) manual transmission delivers precise, sportscar-style shifting through simplified design and a finely-honed mechanism. More compact and also much lighter than comparable transmissions, it significantly cuts internal friction to improve fuel economy.

SKYACTIV-G 1.5L PETROL ENGINE

The low weight, low friction and high efficiency fundamentals of the SKYACTIV-G petrol engine design result in sporty performance with minimised fuel use. Its 4-2-1 exhaust layout helps produce 85kW of power and 148Nm of torque, with an impressive fuel consumption of 6 litres per 100km when matched to the 6-speed (SKYACTIV-Drive) automatic transmission.

BODY

New-generation design and materials maximise lightness and rigidity. Key joints are strengthened by advanced techniques requiring no heavy reinforcement. High and ultra-high tensile steel cuts weight and boosts strength. Despite being light, the Mazda2 achieves outstanding collision performance.

CHASSIS

Every component has been optimised to build the sense of 'oneness' between car and driver. The lightweight front strut and rear torsion beam suspension use firmer bushings and revised geometry for sporty agility with high levels of refinement. Electric power-assisted steering saves fuel and also delivers quick handling underpinned by reassuring stability.

DRIVER-CENTRIC COCKPIT

The elegantly crafted cabin surrounds the driver with carefully positioned controls to allow for an intuitive driving experience.

HEADS-UP DISPLAY (HUD) - INDIVIDUAL ONLY

Mazda's Heads-Up Display (HUD) shows important driving information like speed, next turn directions from the satellite navigation and safety alerts. It is positioned directly in front of the driver, which means it feeds you all the information without you needing to take your eyes off the road. You can adjust the height of the display to match your eyeline.

PADDLE TRANSMISSION SWITCHES - INDIVIDUAL ONLY

The option of paddle transmission switches artfully blend the thrill of manual gear control, with the ease of an automatic. This allows you to effortlessly shift gears without your hands ever having to leave the steering wheel.

REAR CAMERA - INDIVIDUAL ONLY

The Mazda2's rear camera park assist, complemented by precise rear sensors, simplifies the tightest parking maneuvers. Offering both a visual guide and audio alerts, it ensures not only convenience but peace of mind, assuring you of an effortless reversing experience.

ALWAYS IN TOUCH WITH MZD CONNECT - FROM DYNAMIC

Take off in a Mazda2, and you're connected with the stuff that counts. Connect your compatible smartphone to the MZD Connect system and get access to a heap of online content, including Facebook and Twitter feeds, radio, podcasts and more. Texts can even be read out loud. It all comes together right where you need it; on a central touchscreen positioned to help you stay focused on the road. Control is effortless, with a rotary commander dial falling to hand without you even having to look. Nothing could be easier – available from the Dynamic model.

3-YEAR MAZDA UNLIMITED KILOMETRE WARRANTY

Every Mazda is designed and built to the highest standards of performance and reliability. To give you further reassurance on how much we believe in our vehicles, our Mazda vehicles are backed up by a 3-year Unlimited Kilometre Factory Warranty.

3-YEAR MAZDACARE ROADSIDE ASSISTANCE

Mazda cares about offering you peace-of-mind motoring. That is why we offer a 3-year Unlimited Roadside Assistance Plan to keep you moving every minute of the year. It includes toll-free calls and services such as free towing rescue due to minor or major mishaps and emergency medical help.

3-YEAR MAZDACARE UNLIMITED KILOMETRE SERVICE PLAN

MazdaCare has designed a service plan to suit your needs. It covers scheduled services for 3 years, regardless of your mileage. The service plan operates alongside the Mazda Unlimited Kilometre Warranty.

Service Inspection Symbols

I - Inspect
R - Replace
C - Clean
S - Set
T - Tighten

Remarks

*(1) - Implement fuel injection amount correction.

*(2) - Also inspect all auxiliary belts, if installed. If the vehicle is operated primarily under the following conditions, inspect the drive belts and auxiliary belts more often than recommended (Servicing Dealer to advise customer accordingly).

a) Driving in dusty conditions or in a mining area.
b) Extended periods of idling continuous low-speed operation.
c) Short distance driving.
d) Operating the vehicle in extreme cold or hot conditions for long periods.
e) Driving the vehicle in mountainous conditions for long periods.

*(3) - If the vehicle is operated primarily under the following conditions, inspect the drive belts and auxiliary belts more often than recommended (Servicing Dealer to advise customer accordingly).

a) Driving in dusty conditions or in a mining area.
b) Extended periods of idling or continuous low-speed operation.
c) Short distance driving.
d) Operating the vehicle in extreme cold or hot conditions for long periods.
e) Driving the vehicle in mountainous conditions for long periods.

*(4) - Use only manufacturer-specified coolant.

*(5) - If the vehicle is operated in dusty or sandy areas, the filters must be inspected, cleaned or replaced more regularly (Servicing Dealer to advise customer accordingly).

*(6) - If operating the vehicle in extreme cold or heat, inspect electrolyte and specific gravity more regularly (Servicing Dealer to advise customer accordingly).

*(7) - Replace the brake fluid more regularly if the vehicle is continuously loaded, driven in mountainous conditions, exposed to hard driving conditions or operated in humid conditions.

*(8) - If the vehicle is subjected to the following conditions, the differential oil need to be replaced at 60 000 km.

a) Towing.
b) Driving in dusty conditions or in a mining area.
c) Short distance driving.
d) Operating the vehicle loaded continuously.
e) Driving the vehicle in mountainous conditions for long periods.

*(9) - Replace if the component or vehicle was submerged.

*(10) - Perform wheel alignment more regularly if the vehicle is used on rougher road surfaces, driven off-road or on dirt roads (Servicing Dealer to advise customer accordingly).
