MAZDA CX-60

PERFORMANCE FEATURES

3.3L POWERTRAIN

The Mazda CX-60 3.3L Turbo Diesel Mild-Hybrid's powertrain stands out with advanced technology for superior performance. Its smooth power delivery ensures a comfortable drive, while its efficient fuel displacement enhances fuel economy. Durable construction promises longevity, setting a high standard in its class.

TURBO DIESEL ENGINE

The Mazda CX-60 3.3L Turbo Diesel Mild-Hybrid engine delivers exceptional performance with 550 Nm of torque and 187 kW of power. Its turbocharger enhances combustion efficiency, providing a robust and dynamic driving experience, especially during acceleration and overtaking.

MI-DRIVE TOWING FUNCTION

Mazda's Mi-Drive technology lets drivers choose between different modes to tailor the vehicle's performance to their preferences and conditions. This optimizes power delivery and torque management, ideal for towing trailers, campers, or other loads.

MHEV ENGINE TECHNOLOGY

The Mazda CX-60 3.3L Turbo Diesel Mild-Hybrid's MHEV technology combines an internal combustion engine with a compact electric motor and battery to boost fuel efficiency. It harnesses energy while braking to assist the engine during acceleration, reducing fuel consumption and emissions.

MAZDA CX-60

EXTERIOR FEATURES

EXPERIENCE THE ARTISTRY

With a sleek and sophisticated exterior design, characterised by its bold front grille and dynamic lines, the Mazda CX-60 3.3L Turbo Diesel Mild-Hybrid's exudes power and luxury.

AUTO DIMMING AND HEATED OUTER MIRRORS

Mazda's heated outer mirrors ensure clear visibility in winter, while auto-dimming mirrors enhance safety by reducing rear headlight glare when excessive light is detected from the rear of the vehicle

INTERIOR FEATURES

DRIVER-CENTRIC COCKPIT

The elegantly crafted cabin surrounds the driver with carefully positioned controls to allow for an intuitive driving experience.

LARGER HEAD-UP DISPLAY (HUD)

The Mazda CX-60's 10° x 3° head-up display (HUD) is larger than previous models, enhancing driver peace of mind by minimizing line-of-sight changes.

BOSE® SUPREME SOUND SYSTEM

Mazda's Bose® sound system features high-performance speakers and advanced technology intended to lift you out of the car and into a live concert experience, by moving the woofers from the front doors to the sides of the front cowl, it ensures music sounds exactly as intended by its creators.

MAZDA CX-60

SAFETY & SECURITY FEATURES

DRIVER PERSONALISATION SYSTEM

This Mazda unique system uses a facial recognition camera to automatically adjust the driver's seat, steering wheel, Head-Up Display, and exterior mirrors based on body height and eye position, eliminating the need for manual adjustments. Up to 200 saved settings can be restored immediately through facial recognition.

MI-DRIVE

The CX-60's Mi-Drive adjusts gear changes, pedal response, i-ACTIV AWD, and Dynamic Stability Control, ensuring optimal grip, performance, and maximum safety in Off-road mode, Sports mode and Towing mode.

SAFETY

The CX-60 features advanced safety technologies like Lane Assist, Lane Departure Warning, Blind Spot Monitoring, Rear Cross Traffic Alert, Driver Monitor and Advanced Smart City Brake Assist to protect both occupants and other road users, enhancing driver confidence.
